MEMORANDUM FOR: Assistant Director for
Research and Reports

Attn: RR/ST/PC

SUBJECT : Soviet Adaptations of US-
Model Machines

REFERENCE : [REDACTED] 25X1A

25X1A

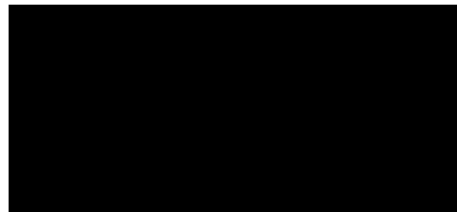

25X1A 1. As discussed by [REDACTED] of your office
and [REDACTED] it is requested that your
office undertake an analysis of 122 photographs of
Soviet machines and equipment in order to select those
models which are identical, or almost identical, with
machines of US manufacture. The photographs have been
25X1A given to [REDACTED]

2. We would like you to establish as nearly as
possible the make and model of the US equivalent of
those Soviet models for which there are equivalents.
Please also indicate the probability of direct copying
by the Soviets from the American originals in each case,
and any obvious efforts to disguise such imitation.

3. Should you have any further questions regarding
this request, please refer them to [REDACTED] on
extension 8653.
